this brief best selling western civilization text has helped thousands of students learn about the world they live in by

exploring the story of its past Jackson Spielvogel's engaging chronological narrative and extensive inclusion of primary source documents weave the political economic social religious intellectual cultural and military aspects of history into a gripping story that is as memorable as it is instructive this edition includes new historians debate topics and a new feature entitled global perspectives along with updated scholarship and new images also available is MindTap for Western Civilization a Brief History 10th Edition the textbook is available in the following split options Western Civilization a Brief History 10th Edition Complete Volume I to 1715 and Volume II since 1500 important notice media content referenced within the product description or the product text may not be available in the ebook version

any complete understanding of today's world must take into account the meaning of western civilization and the role western civilization has played in history despite modern progress we still greatly reflect our religious traditions our political systems and theories our economic and social structures and our cultural heritage the updated 10th edition of western civilization aligned with the updated course framework and exam aims to assist a new generation of students in learning more about the past that has helped create them and the world in which they live new material on world history has been added to show the impact other parts of the world have made on the west the ongoing struggle with terrorists since 2001 has made clear the intricate relationship between the west and the rest of the world it is important to understand not only how western civilization has affected the rest of the world but also how it has been influenced and even defined since its beginnings by contacts with other peoples around the world another goal of the text is to present a well balanced work in which the political economic social religious intellectual cultural and military aspects of western civilization have been integrated into a chronologically ordered synthesis the latest research on social history and women's history has been integrated into each chapter of the book rather than isolating it in lengthy topical chapters or in separate sections western civilization aims to put the story back in history that story is an exciting one yet many textbooks fail to capture the imagination of their readers narrative history effectively transmits the knowledge of the past and is the form that best aids remembrance at the same time the text presents the kind of historical analysis that reveals how historians often disagree on their interpretations of the past

this book offers a comparative view of the world views values and institutions in Asia and the Middle East the account takes the form of a historical narrative focused on the most relevant events and features in the process of continual change

this book explores the factors and mechanisms that may have influenced the dynamic behaviors of earliest civilizations focusing on both environmental geographic factors on which traditional historic analyses are based and human behavioral

factors on which anthropological analyses are usually based it also resurrects a number of common ancestral terms to help readers understand the complicated process of human and cultural evolution around the globe specifically in almost all indigenous languages the words wa and any variants of it were originally associated with the sound of crying of and certainly were selected as the common ancestral word with the meanings of house home homeland motherland and so on by early humans living in different parts of the world this book provides many neglected but still crucial environmental and biological clues about the rise and fall of civilizations ones that have largely resulted from mankind s long lasting win stay lose shift games throughout the world the narratives and findings presented at this book are unexpected but reasonable and are what every student of anthropology or history needs to know and doesn t get in the usual text professor guo explores the dynamics of civilizations from the beginnings to our perplexingly complex world there are lots of thought provoking ideas here on the rise and decline of civilizations and nations anyone wishing to understand global developments should give this book serious consideration john komlos university of munich germany and duke university usa it is interesting to see a chinese perspective on the questions of deep history that have engaged Jared Diamond Yuval Harari and David Christian Guo argues that understanding cyclical threats has been the key to human progress which is driven by the dialectic of material privation and human ingenuity Peter Rutland Wesleyan University USA

the year of 1832 marked a turning point in France as the country struggled to find its way in the wake of the French Revolution following the revolution of 1830 legitimists supporters of the recently ousted Bourbon dynasty s claim to the throne continued to plot against King Louis Philippe and his July Monarchy in early 1832 after failing to launch a coup in southern France legitimists plotted an unsuccessful uprising in the Vendée a region in western France that had supported the royalist cause during the French Revolution the Duchesse de Berry led the rebellion in the hopes of placing her son the Bourbon heir on the French throne the revolt marked the last attempt by the Bourbons to retake the throne by force and helped solidify the end of the Bourbon dynasty during the cholera outbreak which also spread throughout France in 1832 lower income areas suffered higher losses to the disease for they were more likely to have contaminated water supplies the lower classes spread rumors that the outbreak was an elitist plot to subdue the masses and the epidemic exacerbated class tensions meanwhile conditions in France continued to be characterized by violence during the early 1830s as Louis Philippe attempted to establish his regime s authority the most significant of these uprisings was the republican dominated June Revolution of 1832 Victor Hugo and other contemporaries perceived the barricades of June as natural extensions of the cholera epidemic or the political continuation of a biological crisis the sad fate of the uprising however prompted republicans to regroup and develop new strategies for success as a whole then 1832 helped solidify the end of the Bourbon monarchy and class identities and was a crucial moment in the reorganization and growing solidification of French

republicanism that paved the way for the revolution of 1848 this edited collection examines these three pivotal events in french history in 1832 a royal legitimist uprising led by the duchesse de berry the cholera epidemic and the june revolution featured in the climax of hugo s novel les misérables within the context of the legacy of the french revolution while the events of 1832 are significant they have been relatively ignored because scholars have been distracted by the revolutions of 1830 and 1848 this collection is the first piece of scholarship to examine these three events in an interconnected pattern to better examine france as it transitioned from a monarchy to a republic as a result this collection will be of value to both historians and academics studying diverse subfields within french and european studies

best selling author jackson spielvogel has helped over one million students learn about the present by exploring the past spielvogel s engaging narrative weaves the political economic social religious intellectual cultural and military aspects of history into a gripping story that is as memorable as it is instructive updated to reflect current scholarship western civilization 10th edition includes more than 150 maps and excerpts of more than 250 primary sources that enliven the past while introducing students to the source material of historical scholarship additionally the text is illustrated with more than 400 photographs that add visual context a variety of pedagogical tools including focus and critical thinking questions primary source features with assignable questions and end of chapter study aids make this edition accessible to any learning style important notice media content referenced within the product description or the product text may not be available in the ebook version

a collection of essays by social theorists historical sociologists and area specialists in classical biblical and asian studies the contributions deal with cultural transformations in major civilizational centres during the axial age the middle centuries of the last millennium bce and their long term consequences

prepared by james t baker of western kentucky university the study guide includes chapter outlines and summaries a glossary of key terms for each chapter analysis of primary source documents and questions that include matching multiple choice fill in the blank chronology critical thought and map exercise questions

the post world war ii idea of the axial age by karl jaspers and as elaborated into the sociology of axial civilizations by s n eisenstadt in the later twentieth and early twenty first centuries continues to be the subject of intense scholarly debate examples of this can be found in recent works of hans joas and jürgen habermas in from world religions to axial civilizations and beyond an internationally distinguished group of scholars discuss advance and criticize the jaspers eisenstadt thesis

and go beyond it by bringing in the critical influence of Max Weber's sociology of world religions and by exploring intercivilizational encounters in key world regions. The essays within this volume are of unusual interest for their original analysis of relatively neglected civilizational zones especially Islam and the Islamicate civilization and the Byzantine civilization and its continuation in Orthodox Russia.

World History: A Concise Thematic Analysis presents the highly anticipated second edition of the most affordable and accessible survey of world history designed for use at the college level. An engaging narrative that contextualizes history and does not drown students in a sea of facts offers a comparative analysis of the great civilizations of Eurasia, Africa, and the Americas. Addresses themes of population dynamics, food production, challenges, disease, history, warfare, and other major issues for civilizations. Features new interior design and organization to enhance user experience. Instructor's Test Bank available online at Wiley.com. Go Wallech.

Vols 2-6 include Theological and Semitic Literature for 1898-1901. A bibliographical supplement to the American Journal of Theology and the American Journal of Semitic Languages and Literatures by W. Muss Arnolt. Separately paged.
